### LIST YOUR GROUP CLASSES AND WORKSHOPS BELOW:

Please note that classes are created to allow for full year participation with minimal repeat of material. That said, students are invited to join the class for any session, and rolling enrollment is accepted until a class begins work on their recital piece or in class show. Pricing is per 10 week session (not per class). Check with the education department if you are not sure about your class fee. Class fees are based on various factors, so may vary from semester to semester. Note that we do not prorate classes except in extreme situations, due to the extra out of class work that teachers and admission staff must do to adapt a class to new students who come in after the initial enrollment period.
